GRAND MASTER'S MESSAGE

TIMOTHY D. SANDERS

Grand Master 2017-2018

My Brothers, Here we are in August already and my year as Grand Master has started down the home stretch. I have done my very best to bring forth my message of how important adopting "Landmarks" for OUR fraternity really is...or as least in my eyes. Brothers it is easy to set back and criticize, dissect, or just simply pick something apart which can be easily done with almost any topic. But I understand everyone has a right to have a difference of opinion or outlook on whatever the subject may be and that is what makes our country great! Sometimes people try so hard to find fault with a subject that they overlook the good that lies within it...

We need to erect a foundation for OUR "Landmarks" and we MUST start somewhere, that is the exact reason of the purposed seven Landmarks I have spoken about all year long. I'm not asking you to adopt something new, just to make what we are already doing have more meaning and strengthen our fraternities very foundation for Kentucky Masonry as other Grand Jurisdictions had done all around us. Contained within the 2nd Edition of Constitution of The Grand Lodge of Kentucky F. & A.M. is a very important message. That message is located under Article 1, Authority and Powers. Within that article it mentions the power of the Grand Lodge in these words, "It has the inherent power to investigate and determine all Masonic matters relative to the Craft in general." Article 1 also mentions that the Grand Lodge has the ability to "alter and repeal such laws and regulations, preserving the Ancient Landmarks." From the Junior Steward of our local Lodges all the way to the Grand Master of our Jurisdiction, each respective office takes obligations during our installations where we are asked to adhere to the Ancient Landmarks of our Order. Currently, in Kentucky we have NO officially approved Landmarks of the Order.

Throughout the year, I have done exactly what the teachings of this artifact had charged me with and I have investigated the reasons why? In the early 1900's the diligent work of Worshipful Brother Roscoe Pound began to be published, Pound dedicated much of his time away from his occupation as the Dean of Harvard Law School into the Landmarks of our Order. He created a list of seven (7) Landmarks that were the most common within the North American Grand Lodges that had adopted Landmarks of the Order. I have spoken about these seven Landmarks at all our Districts meetings and feel strongly about this endeavor. In some cases we must look backwards to move forward and for whatever reason we have left this void open. That void will at least be filled with these seven (7) Landmarks I am going to recommend for adoption. An attempt at nothing more than to allow a Brother to know what he is adhering himself to at the time of his installation and what we the Mason of Kentucky all hold sacred.

THE SEVEN MOST USED LANDMARKS IN FREEMASONRY WITH A BRIEF EXPLANATION

1. The Belief in God or in one Supreme Being: A belief in the existence of God or in one Supreme Being as Grand Architect of the Universe is one of the most important Landmarks of the Order. It has been always deemed essential that the denial of the existence of a Supreme and Superintending Power, is an absolute disqualification for initiation. The annals of The Grand Lodge of Kentucky F. & A.M. never yet have furnished or could furnish an instance in which an avowed atheist was ever made a Mason. The very initiatory ceremonies of the first degree forbid and prevent the possibility of so monstrous of an occurrence.

2. The Belief of Immortality of the Soul: The Immortality of the Soul, Freemasonry offers no argument. It states the principle as an unquestioned integral part of the Institution. The hope that life does not end with the physical body, but continues through a boundless future, has through past ages been an inspiration to brightness of life, patience, perseverance and process. As a life force it has throbbed through the inertia of savage existence and quickened man to those extraordinary efforts that produced civilization. A shining pillar of cloud by day, of fire by night, the beacon of humanity is Immortality.

GRAND MASTER'S MESSAGE (CONTINUED)

3. The Volume(s) of Sacred Law: The "Book of Law" shall constitute an indispensable part of the furniture of every Lodge. I advisedly say, a Book of Law, because it is not absolutely required that everywhere the Old and New Testaments shall be used. The "Book of Law" is that volume which, by the religion of the initiate, is believed to contain the revealed will of the Grand Architect of the Universe. Masonry does not attempt to interfere with the religions of its disciples, except so far as relates to the belief in the existence of a Grand Architect of the Universe, and what results from that belief. The "Book of Law" is to the Speculative Mason his spiritual Trestle-Board, without this he cannot labor; whatever he believes to be the revealed will of the Grand Architect of the Universe constitutes for him this spiritual Trestle-Board, and must ever be before him in his hours of Speculative labor, to be the rule and guide of his conduct. The "Book of Law," a religious code of some kind, purporting to be an exemplar of the revealed will of God, shall form in essential part of the furniture of every Lodge under the auspices of The Grand Lodge of Kentucky F. & A.M.

4. The Legend of the Third Degree: The Legend of the Third Degree is an important Landmark, the integrity of which has been well preserved. There is no rite of Masonry, practiced in any country or language, in which the essential elements of this "legend" are not taught. The lectures may vary and indeed are constantly changing, but the "legend" has ever remained substantially the same; and it is necessary that it should be so, for the Legend of the Temple Builder constitutes the very essence and identity of Masonry.

5. Secrecy of the Institution: which includes: The necessary words, signs, and tokens, whereby one Mason may know another to be such, in darkness as in light; that every regular Lodge must be Tyled while at labor; that every visitor seeking admission to the Lodge must be examined and prove himself a Mason, unless duly and properly avouched for; those other matters which cannot be written in any language.

6. Symbolism of the Operative Arts: THE FOUNDATION OF A SPECULATIVE SCIENCE UPON AN OPERATIVE ART, and the symbolic use and explanation of the terms of that art, for purposes of religious or moral teaching. The Temple of Solomon was the cradle of the Institution, and, therefore, the reference to the operative Masonry, which constructed that magnificent edifice to the materials and implements which were employed in its construction, and to the artists who were engaged in the building, are all component and essential parts of the body of Freemasonry, which could not be subtracted from it without an entire destruction of the whole identity of the Order. Hence, all the comparatively modern rites of Freemasonry, however they may differ in other respects, religiously preserve this temple history and these operative elements, as the substratum of all their modifications of the Masonic system.

7. A Man must be of Lawful Age: Every initiate that comes to the door of any Lodge under the auspices of The Grand lodge of Kentucky F.&A.M., must be of lawful age (eighteen years of age) and coming to said Lodge under the "tongue of good report," meaning well recommended.

Brothers it will be my recommendation as Grand Master to adopt these seven landmarks at this year Grand Communication in October, I hope you will discuss these in your Lodges and help to support me in this decision for the betterment of Kentucky Masonry.

Remember what I always say and at this time it's more important than ever;
"We need to love one another; Take care of our widows and orphans, and be the Men we professed to be when we knelt at that altar"

ANCIENT & ACCEPTED SCOTTISH RITE - ORIENT OF KENTUCKY

VALLEY OF LOUISVILLE

Planning. It is one of the major requirements for keeping an organization running smoothly. The Scottish Rite is no exception. It takes a great deal of planning to put together the reunions and other events that occur in the Valley of Louisville. Things do not just happen. There are many people behind the scenes of an event that work diligently to make everything run as smoothly as possible and to anticipate any problems that may occur.

We have short-range plans each year as to what events will happen in the Valley. These include the reunions, Maundy Thursday, widows' night, Flag Day, the annual awards night, Feast of Tishri, Veteran's day, the food to be served, the lights and sound to be used, and the stated meetings. We also have long-range goals such as retaining financial stability, growing our membership numbers, increasing membership satisfaction, and increasing attendance at the various events. Our V-Map committee is working on several of these areas to make the experience for our members worth coming to the Valley.

Willingness. It is another major requirement for an organization. We need members who are willing to assist in making our Valley successful. During the reunions we need members who are willing to greet the new candidates, perform the various ritual parts (silent and spoken), work on the stage crew, work in the robing room, work in the kitchen and dining room, and sit in the audience. We also need members who are willing to step up and learn, so they can then step into leadership. We also need mentors for those who are willing to learn. Our degrees teach us that it is important to learn, but it is also important to be willing to pass on the information.

Communication. We have a lot of planning done. We have some willing members. It does no good to have either if there is no communication. The leaders of our Valley are committed to communicating with the members the plans that have been developed to move our Valley forward. However, we must remember that communication is a two way street. We need feedback from the members to assist us in knowing what is working and what is not. Without communication, the first two issues die on the vine.

As we move into the second half of 2018 ask yourself these questions. Have you been willing in some way to assist in the plans that were developed for this year? Have you been willing to help make the Valley a better place for its members? Remember, you are also a member of the Valley of Louisville, so in effect you would be assisting with improving your own experience. Are you content with just sitting on the sidelines and critiquing without actually communicating?

The Valley needs all of its members to participate to be successful. We will soon begin setting the calendar for next year. Let us know what you liked about this year and what you did not like.

Your willingness to communicate will allow us to plan a better year.

Fraternally,

David L. White, 33°
Personal Representative
Valley of Louisville

VALLEY OF LEXINGTON

Brethren, It gives me a great deal of pleasure to share with you some of the accomplishments the Valley of Lexington has made in the last couple of years. Importantly, we have shown positive growth. More importantly, we have greater participation from new and older members. We have become more educated on the Degrees of the Scottish Rite. To what do we owe this improvement?

Simply put. The VMAP program. The Valley Membership Achievement Project is a program embraced by the majority of the Valleys in the Southern Jurisdiction. Coupled with the leadership of our personal representative, Ill. Bro. Chris L. Stout, PGM, 330, this project has allowed us to identify our areas of strengths and weaknesses. For example, we are passionate about education. We have education at each stated meeting. But through VMAP, we quickly realized that we should be doing even more. We are now concentrating in that direction.

VMAP also helped to identify that our reunions should be just that, a coming together of Brothers of a similar mindset. I remember when I joined the Scottish Rite back in 1980, Brothers came to the reunions to see each other, to reminisce about days gone by, and generally just to enjoy each other's company, many would come in the morning for breakfast and stay all day until the banquet. They didn't have a part in any of the Degrees, but they came just to be a part of the reunion experience. One of the aspects of VMAP is to achieve that long-lost experience. Much of VMAP is purely social. It really has nothing to do with the Scottish Rite, except to strengthen the fraternal bonds between us. We have enjoyed many gatherings over the last couple years that had absolutely nothing to do with Masonry. We have enjoyed golf tournaments, sporting clay tournaments, cigar nights, bourbon tastings, and even a Man-B-Que. Each of these have brought groups of Brothers closer.

In short, my Brothers, VMAP is intended solely to help you enjoy your Scottish Rite experience even more. It is a member centered program. The Valley and the Orient only benefit when each of you benefit. It is hoped that as your Scottish Rite experience becomes more valuable to you, you will participate more. Most importantly, it is hoped that you will enjoy your experience more. That you will look forward to taking an active part in the business of your Valley. Whether it be on stage, in the kitchen, behind the scenes, or greeting folks at the front door, your Valley wants and needs you. If you have an inspiration to do something that is not being done now, let the personal representative, the secretary registrar, or the VMAP Chairman know. I can assure you, you will be accommodated. I urge each and ever one of you to share your vision with the leaders of the Craft. After all, this is your Fraternity. The success or failure of it is entirely up to you.

Fraternally,
Rick Nation, PGM, 32° KCCH
VMAP Chairman, Lexington Scottish Rite
